

INSTALLATION GUIDANCE

M24 Slim Cache Aerator Key

B&M SKU: IDCHA24C Idral code: CHA24C

Installation sequence

- 1 Check the tool code against the compatible tap or aerator before use.
- 2 Close the tap and protect the basin waste opening against dropped parts.
- 3 Engage the key fully and squarely with its matching fitting. Turn gently; do not force a seized or mismatched component.
- 4 Remove the tool after the operation, check the fitting is secure and test the tap.

Important

Tool-use guidance for the compatible product listed in the web specification. This key is a removable service accessory.
